Dear Mr. Razzoli,

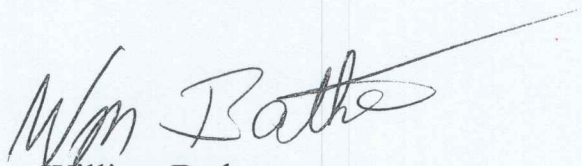

At an emergency meeting of the Executive Board last night it was unanimously decided to request a loan in the amount of \$45,000.00 against our stipend for 2018.

Without an immediate influx of cash we will be unable to continue to operate. Our funds are dwindling and will be exhausted by January.

We are an organization of volunteers whose common goal is to provide a service to the people in our neighborhood. Sadly, contributions are not what they used to be and since we did not receive our 2018 stipend from the Township, we are running out of the funds necessary to do what we are here to do – help people.

We implore you to consider our request and help us to help others.

Thank you,

William Bathe
President
